What this covers

Full item-by-item menus were not retrievable for these cafes, so this document holds the prices that could be verified. Zomato blocks automated reads. EazyDiner and Swiggy show only an approximate cost for two, and their menus are photographs. magicpin lists five popular items for one cafe.

- Cost for two and opening hours for the SITRA cafes, from EazyDiner and Swiggy.
- The few item prices published as text (The German Cafe).
- Prices that Google reviewers quoted across all areas, labelled as reported, not menu prices.
- Small SITRA cafes with 1 to 5 reviews that the earlier list missed.

Cost for two is each site's own estimate. magicpin shows ₹800 for most of its SITRA listings, which looks like a default value, so it is not used here.
